AMERICAN & FOREIGN PATENTS

R. H. EDDY, Solicitor of PATENTS (Late Agent of U S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST., BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents
All necessity of a journey to Washington to procure a patent, and the usual great delay there are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the most capable and successful practicioners with whom I have had official intercourse.
CHAS. MASON," Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.
Boston, February 3, 1858.
"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."
From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice made, on twice rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

THE NEW AMERICAN WATCH.
IN ORDER TO MEET THE REQUIREMENTS OF GENTLEMEN who prefer a thinner watch than those usually made by us, we have lately issued a new style of watch on the three quarter plate model, especially designed for this purpose.
In establishing this new series, it has also been our design to produce a watch in every way superior to the best and highest priced products of the most reputable of English and Swiss watch manufacturers; and no labor or expense has been spared to this end.
In all respects of fine and durable material, of external and internal finish, accurate compensation and adjustment, of mathematically just proportions, and of practical results our new three-quarter plate watch challenges competition with any in the world.

TO THE BOYS.—Never marry a girl who is fond of being always in the street, who is fond of going to the theatre—who has a jeweled hand and an empty head, who will see her mother work and toil while she lies in bed and reads novels or feigns sickness—who is ashamed to own her mother because she dresses plain—never learned grammar, or was accustomed to the etiquette of the drawing-room, who is always complaining that she cannot get money enough to dress like Miss So-and-So, or go to parties like such-a-one, who wears her shoes slipshod, or has a hole in her stockings and is too lazy to mend it. Should you get such a one, depend upon it you will have a dirty, untidy miserable home and life of it. But the kind, affectionate, tidy girl, who helps her mother, who is always ready to accommodate her mother, father, brothers and sisters—who is kind to the poor—who dresses neatly and according to her means—who is always cheerful and fond of accommodating others—if you can get such a treasure, your home will be a paradise—Boys, do you hear that?

MILLIONAIRES BUILDING AT NEWPORT.—Mr. Bareds, the guano agent at Baltimore, who has made a great fortune by his guano contracts with the Peruvinn government, has lately erected a splendid residence at Newport, which cost $200,000. Mr. Belmont, the agent of the Rothschilds in New York, has recently purchased, for $46,000, fourteen acres of land fronting on Bellevue avenue, and extending easterly to "The Cliffs," and it is said to that erected by Mr. Bareds. It is worthy of note that while one of these millionaires has made his money by dealing in gold, the other obtained his by dealing in manure.—*Boston Traveller.*

BOSTON GINGERBREAD.—Three cupfulls of flour, one cupfull of molasses, two eggs, one tea-spoonfull of saleratus, two table spoonfulls of ginger, one of cinnamon, and milk enough to make it of the right consistency to roll out. Rub a piece of butter about the size of a hen's egg into the flour, and add the other ingredients; roll in thin sheets, and rub over with molasses and water before putting in the oven; bake with a moderate heat.

NERVOUSNESS.—Take plenty of bodily exercise, live well, and avoid smoking and ardent spirits. The following is said to work wonders in such cases:
Dandelion beer. Take of dandelion roots, well washed and dried, two ounces; boil them in six quarts of water for half an hour, strain, add treacle one pound, and half an ounce of yeast. The whole to be put into a bottle and left to ferment for twelve hours. A wine-glassfull morning and evening.

AN EXCELLENT FURNITURE POLISH.—Into one pint of linseed oil put half a pound of treacle and a glass of gin; then, stirring well, apply sparingly with a linen rag, and, if rubbed till quite dry with linen cloths, this mixture will produce a splendid gloss. Eating tables should be covered with oilcloth or baize, to prevent staining, and be instantly rubbed when the dishes are removed.

Tacitus once said that early marriages make immortal. They are the soul and inner prop of an empire. That man who resolves to live without woman, and that woman who resolves to live without man are enemies to the community in which they dwell, injurious to themselves, destructive to the world, apostates from nature, and rebels against heaven and earth.

A Quaker had his broad brimmed hat blown off by the wind, and he chased it for a long time with fruitless and very ridiculous zeal. At last, seeing a roguish looking boy laughing at his disaster, he said to him:
"Art thee a profane lad?"
The youngster replied that he sometimes did a little in that way.
"Then," said he, taking a half dollar from his pocket, "thee may damn yonder fleeing tile fifty cents worth."

People of small intellect are very dangerous enemies, because they are likely to have few extraneous thoughts to divert them from their immediate object of malice; because they are shrewd noticers of personalities and personal weakness; because there is nothing which a fool and mean man so much enjoys as to catch a wise and honest one at a disadvantage.

To have wealth, rank and the prestige of a name, is generally esteemed a piece of good fortune—but be assured, gentle reader, there is no fortune or inheritance equal to a taste for simple, innocent and unexpensive pleasures, among them a love of nature may be closed us the best and highest.

DECIDEDLY FUNNY.

By reference to our Journal of the doings of the Supreme Court, Thursday, two cases will be found against John Kelley. The first is reported somewhat fully and the other was equally as, or perhaps more, singular than that was. In the second case, it appeared upon trial, that the indictment was intended to charge an assault upon the witness, William Collins 2d—but by a mistake of the then Attorney General, it charged an assault upon William Collins 1st. It farther appeared from the testimony of the witness, who was also complainant, that he himself ran away from an assault, and the assault was made upon another William Collins—the one by mistake, laid in the indictment. During the trial of these two indictments, the audience, Counsel, Jury, venerable clerk, were all convulsed with laughter, in fact there was a hearty explosion, in which nearly all joined, there being only two sober persons in court, His Honor, and the aggrieved witness. Talk about Burton! He never yet made so general and so dangerous a cachination, as took place Thursday in the temple of the blind goddess. We have no doubt that the digestion of many a dinner, was materially assisted by the scenes then and there acted.

Supreme Court.

THURSDAY, Aug. 30.

[Continued.]

After the evidence was all in, Mr. Potter commenced summing up for the defence, but was interrupted about two o'clock by the illness of Judge Ames, on which account this Branch of the Court was adjourned to Friday morning at 9 o'clock.

CRIMINAL BRANCH.

State vs. Gilbert Briggs, *for* larceny. The prisoner came into court, withdrew his plea of not guilty, and put in a plea of guilty. The court sentenced the prisoner to imprisonment in the State's Jail, for the County of Providence, for the term of four months, to pay all costs, and stand committed until sentence is performed in all its parts. Attorney General for the Government, Van Zandt & Rice for defendant.

State vs. William Spooner, alias John O'Hara, indicted *for* assaulting an officer. The Attorney General *nol pros'd* that part of the indictment relating to the officer, and the prisoner entered the plea of guilty of assault and battery. The Court sentenced the prisoner to imprisonment in the State's Jail for the County of Providence for four months, to pay costs and stand committed until sentence is performed in all its parts.

State vs. Charles Bertrand, indicted for maintaining a nuisance and also as a common seller. The Attorney General *nol prosed* both indictments upon condition that the prisoner pay all costs, and break up the business, immediately. The prisoner upon being arraigned plead guilty, withdrawing his previous pleas of not guilty. Van Zandt & Rice for prisoner.

State vs. John Kelly, for assault with intent to kill. The evidence consisted of one witness, who was put upon the stand and swore that the prisoner came into his house with a *revolver* in his hand, and "told me by God Almighty, after this night, to take care of myself. He then fired off two barrels. He did not find any marks of a shot on the walls, the pistol was not aimed at the witness, *but pistol balls were found in the pocket of the constable.*"

Mr. Van Zandt, for defence, made the following plea, "Gentlemen of the Jury: The witness swears that the prisoner fired a pistol twice, and the *bullets were found in the pocket of the constable.* I have nothing farther to say." The Attorney General made no remarks, and the Jury without leaving their seats brought in a verdict of not guilty.

State vs. John Kelly, for an assault with a dangerous weapon, to wit, an axe. Attorney General for State, Van Zandt & Rice for prisoner.

At the closing of our report the jury were out.

CRIMINAL BRANCH.

BRAYTON, J.

DR. CATLIN'S
FRENCH PERIODICAL PILLS.
THESE inestimable Pills were discovered by him while practising in the *Hospitals* in Paris, under the immediate observation of the RENOWNED RICORD, of Paris, and ACTON, of London.
Warranted in all cases to have the desired effect. These Pills are invariably certain to regulate the Female System, and can be taken without *hazard*. A *relief* is warranted, or the money *returned*. They are known by *hundreds of females* in this country, to be the only preparation ever discovered, that has proved invariably *certain* in cases of
SUPPRESSIONS, IRREGULARITIES, &c.
One trial will convince the most sceptical, and never after will they be induced to take any other. Ladies who have often been deceived by purchasing Pills and Nostrums from
MALE AND FEMALE IMPOSTERS,
Under the pretence of effecting a CURE, medicines which in *nineteen cases* out of *twenty*, have an INJURIOUS *effect* upon the *system*, without producing the desired *result* or any SIGN of it, should shun these *Bipeds*, and use none but the genuine
FRENCH PERIODICAL PILLS,
The efficacy of which, has been tested in *hundreds of cases*, and NEVER FAILED to effect a speedy CURE without any bad *result*. The Pills are the result of an extensive *practice*, and not discovered by accident. To *eulogise* their *virtue*, would not *add* to their *merit*. We would only say, *try* them, and they will prove to be what THEY ARE REPRESENTED.
Sent by letter to all parts of the country. Sold only at Dr. W. CATLIN'S Office, No. 13 North Main street, Providence, R. I.
N. B.—Ladies should be careful to ascertain whether pregnancy is the cause of the stoppage, if so, the Pills should not be taken, for they would cause them to miscarry. Full directions accompany each box.
The Doctor can be consulted on all Female Complaints.

POOR RICHARD'S EYE WATER.
PHILADELPHIA, July 25, 1860.
For sixteen years I had sore and inflamed eyes and eyelids. My father and myself spent not less than two hundred and fifty dollars for a cure, but all in vain. Although we employed six of the best physicians in this city at different times, they used all the skill in their power, but to no purpose; so inflamed were my eyelids that all my eyelashes came out. W. Wishart, at 56 South Third Street, seeing my suffering, presented me with a bottle of *Poor Richard's Eye Water*, and I thank God that though I have not used two bottles, my eyes are all well and my lashes growing out rapidly.

A WORD TO INVALIDS.
All who have any serious or troublesome disease will very naturally seek advice somewhere, and this leads me to say a few words on the CHOICE OF A PHYSICIAN. And first, LET ALL QUACKS, IMPOSTERS AND HUMBUGS ALONE. If you have an intelligent physician in your vicinity apply to him, and follow his direction for a sufficient length of time, and he will probably cure you; if not, then apply to one who makes your disease a SPECIALITY, for no physician in general practice, no matter how eminent, can treat a given disease or class of diseases as successfully, as one of the same ability who devotes his whole attention to them. Educated physicians, hitherto, have stood aloof from making a speciality of private diseases, and hence, they have been monopolized by quacks. The fear of losing caste in society or of being classed among charlatans by the profession, has too long stood in the way of this most desirable result. What disgrace is there in treating a class of diseases as a specialty, that all physicians treat in general practice? Ricord of Paris, and Acton of London, both make PRIVATE DISEASES a specialty, and yet, they have a fame as enviable as it is world wide. In fact, it is the only remedy for one of the most heinous and destructive systems of quackery in private diseases, as practiced in all the larger cities throughout the country. But to return. I said let quacks and imposters alone. Their advertisements fill the newspapers, and are well calculated to deceive the inexperienced, made up as they are of the most extravagant PRETENSIONS, but without a shadow of an EVIDENCE of the truth of what they say. Advertising in itself is no sin, but DECEPTIVE advertisements are an abomination; and no advertising physician is entitled to ANY CONFIDENCE WHATEVER, who does not give to the public the most undoubted guarrantee both of his honesty and his skill.
In offering my services in a speciality which has heretofore been almost exclusively in the hands of imposters. I ask no man to employ me who by the references and testimonials that I shall give, is not fully convinced that I shall treat him courteously, deal honorably and with the strictest fidelity, and give him the best possible chance for a speedy and permanent cure.

AROMATIC DIGESTIVE CORDIAL

WILL CURE THE DYSPEPSIA,
WILL CURE THE HEART BURN,
WILL CURE CRAMPS IN THE STOMACH &c.

AROMATIC DIGESTIVE CORDIAL.—This excellent and agreeable preparation is one of the best means of improving the appetite, promoting digestion, and giving strength and tone to the stomach, which has yet been offered to the public.

It is an old German receipt, and has been in use for many years in the families of the manufacturers, where it has proved an invaluable remedy for DYSPEPSIA, HEARTBURN, FLATULENCE and CRAMPS IN THE STOMACH, arising from cold or indigestion. All persons having the least tendency to indigestion should never be without it, as a small wine-glass full, taken after meals, will exclude the possibility of contracting the dyspepsia.

It is composed of fifteen ingredients. Bitters and Aromatics, and only needs to be tasted to be approved and appreciated.

To persons who feel any disposition to *Chills* or *cramps* after bathing, it is of the highest benefit, as it is a mild but prompt stimulant, and produces a healthy and generous glow throughout the system, immediately after taking it.

It is an agreeable beverage, and may be used with safety, pleasure and advantage by invalids, and by those in health.

For Sale everywhere, put up in quart bottles. Price one dollar.

AYER'S

Compound Extract of Sarsaparilla,

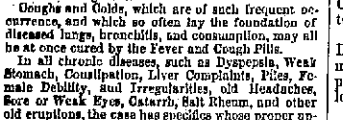

the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

The entire disease is often arrested at once, and in all cases the violence of the attack is moderated, the disease shortened, and rendered less dangerous.

Coughs and Colds, which are of such frequent occurrence, and which so often lay the foundation of diseased lungs, bronchitis, and consumption, may all be at once cured by the Fever and Cough Pills.

Often the cure of a single chronic difficulty, such as Dyspepsia, Piles or Catarrh, Headache or Female Weakness, has more than paid for the case ten times over.

Despair Not, Relief is at Hand

CAUTION TO THE AFFLICTED.

Dr. Cudworth,

NO. 3 ORANGE STREET, PROVIDENCE

AFTER an extensive practice for many years, and witnessing the rise and fall of empyricism to almost an alarming extent, owing to the laxity of the laws in large cities, which gives to the mere ignoramus the same privilege of practicing medicine in all diseases incident to the human system, which the most scientific, skilful and experienced physician and surgeon can in any case claim, deems it his duty to caution strangers to beware of certain up-starts, who make great pretensions to the healing art, without so much as a shadow of medical education.

The experience of many years in cases of a venereal nature, in its various forms, will prove beneficial to those suffering from such diseases, and from his practical knowledge of every symptom consequent on, or arising from badly cured cases of Venereal Complaint, he would caution all having any secondary symptoms remaining, to be at once cured properly before it has undermined their constitution, and broken down the intellectual faculties.

All who may be suffering from any such indiscretions, should bear in mind that the sooner they make their situation known to some practical medical man, the better it will be for their future welfare and happiness Dr. CUDWORTH can be consulted at all hours to advantage.
